The Holy Season of Lent:

Calls us to spend time in prayer and Reflection. We could dedicate some time each day to prayer, and to read and meditate on Sacred Scripture. The readings on the front of the Newsletter, together with the short Reflection in "Walk with me" could be an ideal way of devoting some of our busy day to God. We can all make a commitment to spend more time in prayer, and to go without something of our own choosing (just as Our Lord did in his 40 days in the desert). Please make every effort to keep the Lenten observances of prayer, penance and almsgiving. This year, more than any other, we embrace the cross together in the face of Coronavirus, as we pray and do our best to show care and support of those in need, especially the lonely. Maybe a daily phone call to check how someone is could be a good start. May this be a grace filled time for us all!

It is a very difficult and challenging situation we are living through, however, we can help others by doing all we can that is safe for us to do, such as getting groceries or pharmacy items for those who have to self-isolate, while always maintaining social distancing.

It is always a good idea to phone someone, and ask how they are, especially those who live alone.

We can pray for each other, and commend all people to the intercession of Our Lady of the Taper, also asking the intercession of St Camillus de Lellis – Patron saint of the sick, doctors, nurses and hospitals.

You are remembered in prayers at the Shrine each day, and at this time we pray especially for those who are ill, those who care for them, and especially the Doctors, nurses and all the staff who make the NHS such a life saving and life changing organisation.

Our Lady of the Taper - Pray for us St David - Pray for us.
